HIGH EFFICIENCY

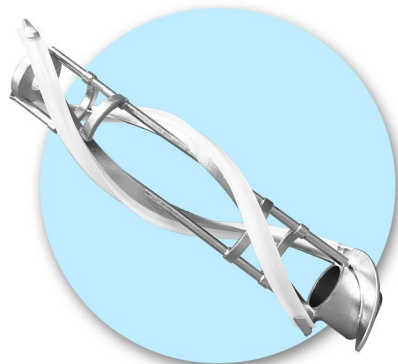

PRODUCT INTRODUCTION

Product introduction & product concept

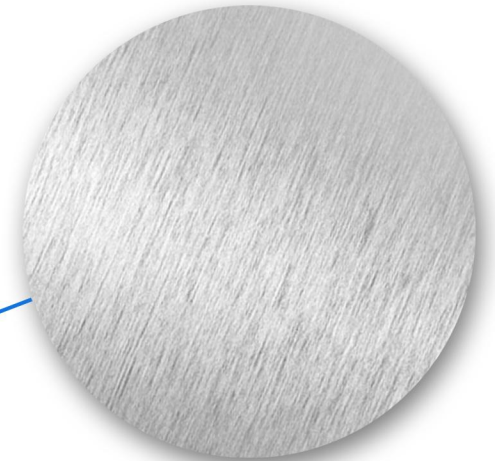

ICE CREAM MACHINE TG942

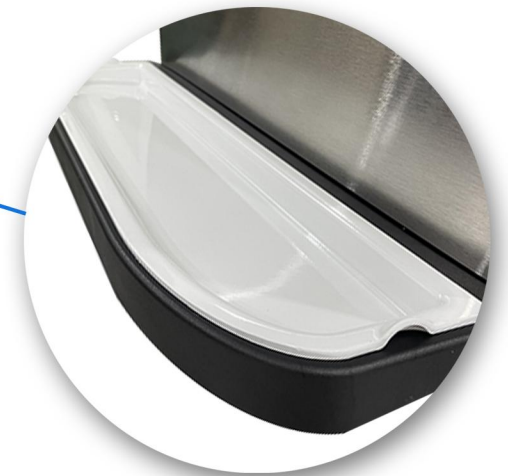

STAINLESS STEEL HOPPER
(Easy to clean)

Stainless steel beater

HIGH GRADE
STAINLESS STEEL PANEL

DETACHABLE WATER
HOPPER

PROFESSIONAL AIR PUMP

The taste is better and smooth
increasing output by 20%.

✓ OPTIONAL AIR PUMP

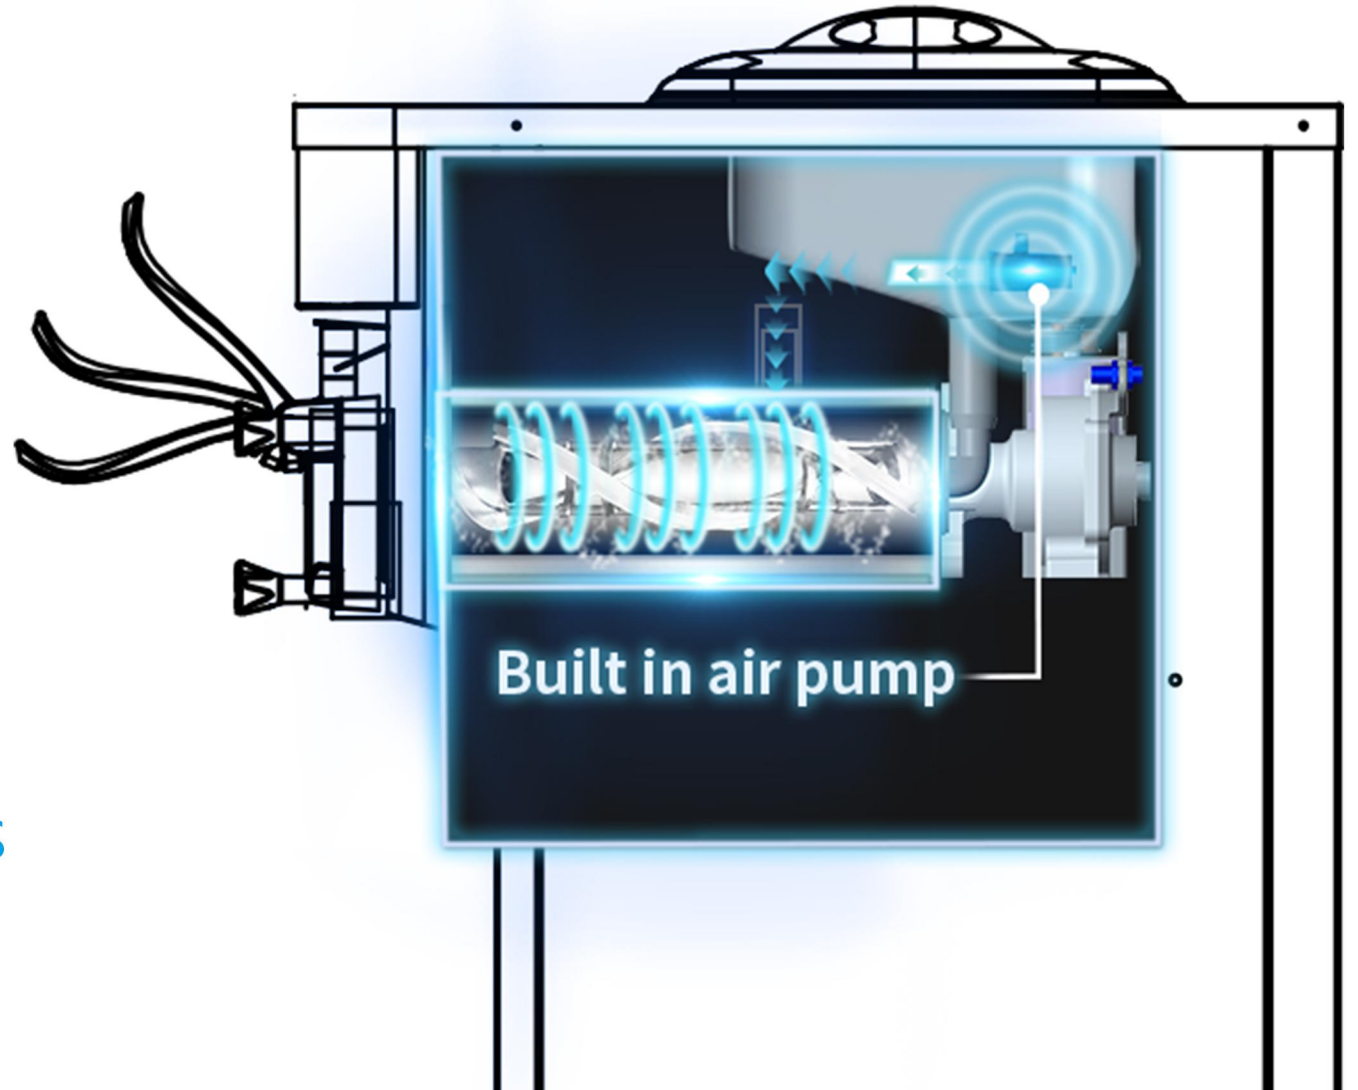

ORDINARY
LOW YIELD

VS

OUR MACHINES

COMPRESSOR

The use of commercial compressors shortens the entire manufacturing process Achieve extremely fast cooling effect

LOW
NOISE

ENERGY
SAVING

HIGH
EFFICIENCY

The whole manufacturing process is shortened by using the commercial high efficiency compressor , Achieve speed cooling effect

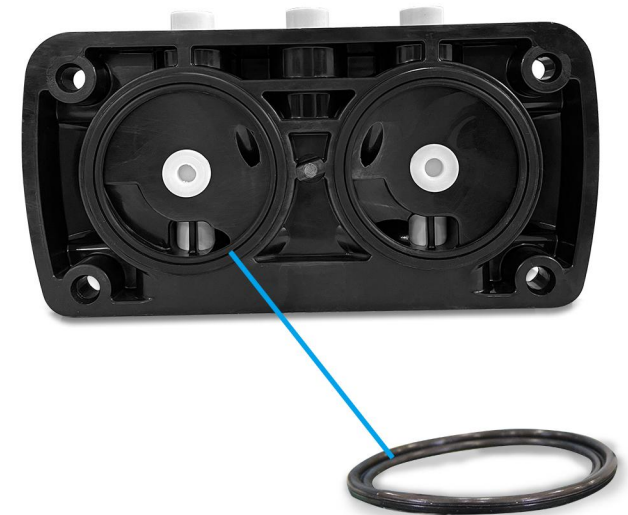

AUTOMATIC RESET HANDLE

Special design saves time and effort

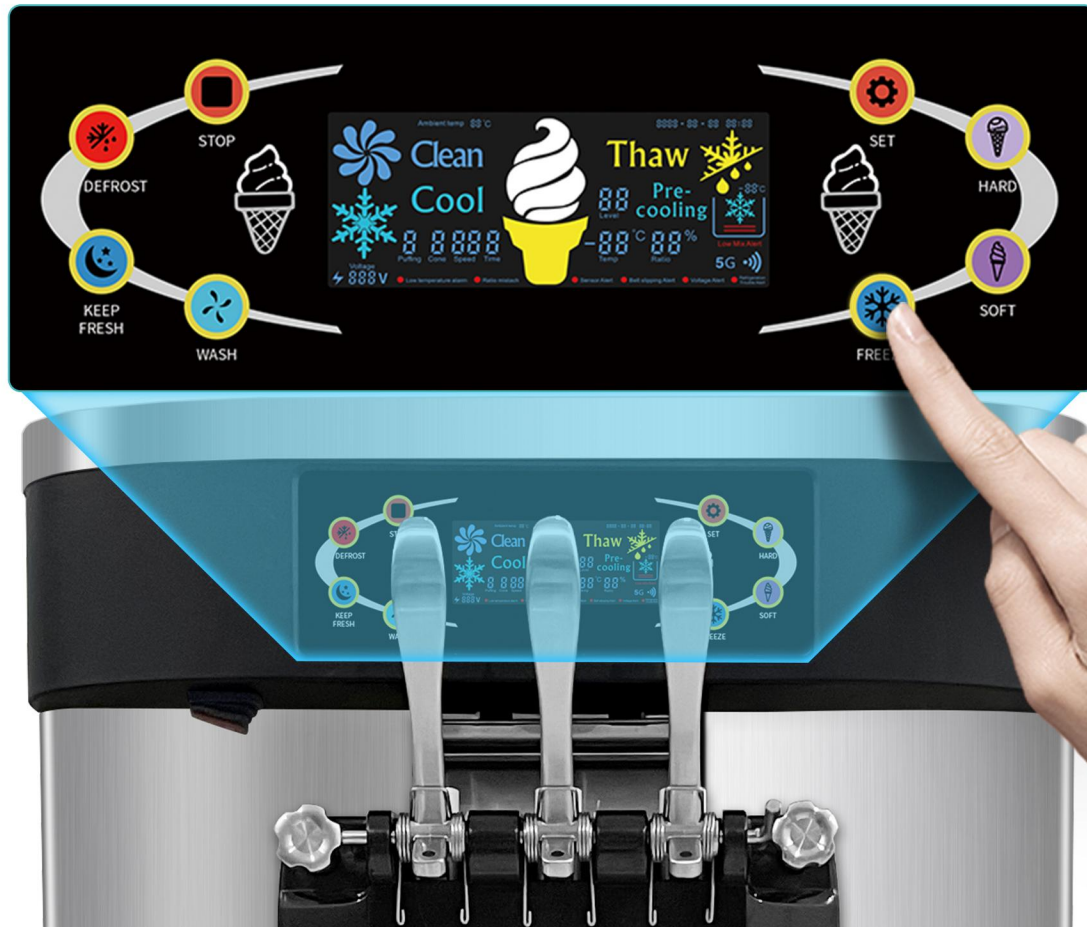

Automatic self-return handle

Build in
seal ring

FULL TOUCH WATERPROOF OPERATION PANEL

Stable system , easy to operate

STOP

- STOP ALL THE ACTION

DEFROST

- THAW STATE

KEEP FRESH

- THE MACHINE ENTERS THE FRESH KEEPING STATE

WASH

- MACHINE WILL BE IN CLEAN STATE

SET

- TO SET PARAMETER OF MACHINES

HARD/SOFT

- ADJUST HARDNESS OR SOFTNESS OF ICE CREAM

FREEZE

- THE MACHINE GOES INTO COOLING STATE

MORE FLAOR MORE CHOICES

more choices is available
